

# WHERE IN THE WORLD IS MEDSYS?

TOKYO, JAPAN

**SHAABAN NDUNGO**  
MedSys Group Trainer

Shaaban has been a trainer for a 10 years and has traveled all over the United States training professionals on various software's. He is passionate about teaching others and getting to learn new things along the way. He recently traveled to Tokyo, Japan where he taught end users on the Cerner software for the Department of Defense.

## WHAT WAS YOUR EXPERIENCE LIKE?

"My experience was exciting and new. It was very interesting seeing a new way of life and learning how to navigate in a new place. The people are very kind and are always willing to help which made the transition to a new place very smooth. The MedSys Group team had great communication throughout the process and were always willing to help."

## WHAT WAS THE GREATEST CHALLENGE?

"The greatest challenge was the language barrier and not being able to communicate. I have had experience traveling all over the world so I am used to navigating through language barriers and finding ways around it"

## WHAT WAS THE GREATEST REWARD?

"The greatest reward was being able to travel to a new place and experience a different culture. The way of life is so unique compared to what I am used to and it was fascinating to experience it. I enjoyed being able to gain a new perspective of the world."
