

# WHERE IN THE WORLD IS MEDSYS?

**CHRISTINA LUNA**  
MedSys Group Trainer

Christina has been a trainer for over 2 years and has worked in the dental industry for over 17 years traveling all over the world. She is passionate about getting to travel the world and connect with others who have a love for dentistry. She recently traveled to Kotzebue, Alaska where she taught end users on the Dentrix Enterprise software.

## WHAT WAS YOUR EXPERIENCE LIKE?

"It was a very special experience, I was on a reservation and so it was very isolated and I got to truly immerse with the culture. The people were so kind and I loved learning about their traditions and getting to be apart of some of them. It was unique, because in Alaska its light longer so I felt like I had more hours in my day to truly enjoy spending time with everyone"

## WHAT WAS THE GREATEST CHALLENGE?

"The greatest challenge was getting used to the climate. It is very cold there and we were surround by the artic ocean. It ended up being really great because I learned how to ice fish and enjoy other activities I would never have done had I not been there! "

## WHAT WAS THE GREATEST REWARD?

"The greatest reward was being included in the community and their traditions. The culture was so beautiful and unique and I was honored to get to be apart of it. I loved learning their ways and seeing how they live their day to day lives."
